(800) 464-9453

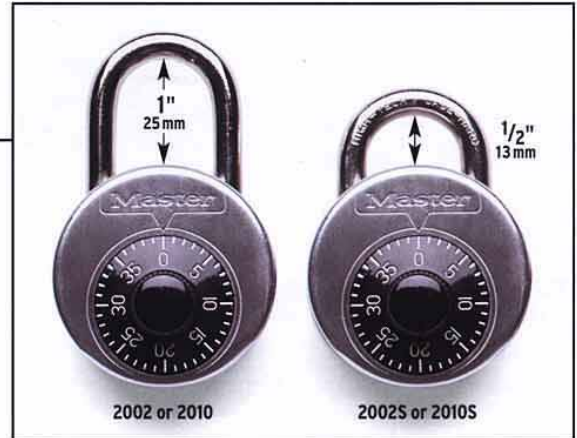

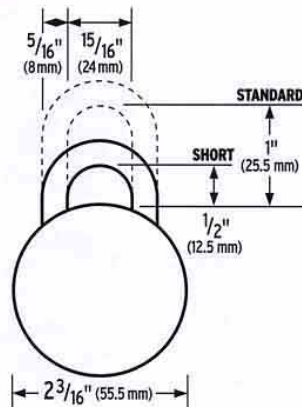

The highest security combination padlock available, providing three times the security of competitive padlocks.

2002 & 2010 MODELS

Product Features

- Dual, deadbolt locking mechanism resists hammering and prying
- Hardened, boron alloy shackle resists cutting and prying
- Reinforced, stainless steel outer case with massive, die-cast zinc inner case protects locking mechanism
- Fully recessed dial resists knock-off and prying attempts
- 40 number, three-digit dialing provides thousands of possible combinations
- Dial automatically locks under shackle tension to prevent "feeling out" the combination
- Combination automatically scrambles when lock is closed to prevent accidental re-opening
- Fits lockers with a padlock eye of at least 11/32" (9mm) diameter
- Model 2010 has an additional feature of key control for supervisory access

SPECIFICATIONS

2 shackle lengths available.

Product Options

- Short shackle available for recessed handle lockers

Shackle fits a padlock eye of at least 11/32" (9mm) diameter.
